

INITIAL ACUTE CARE

SUPPORTIVE CARE

WELLNESS CARE

OBVIOUS PAIN AND DISCOMFORT

SOME RELIEF

STARTING TO IMPROVE

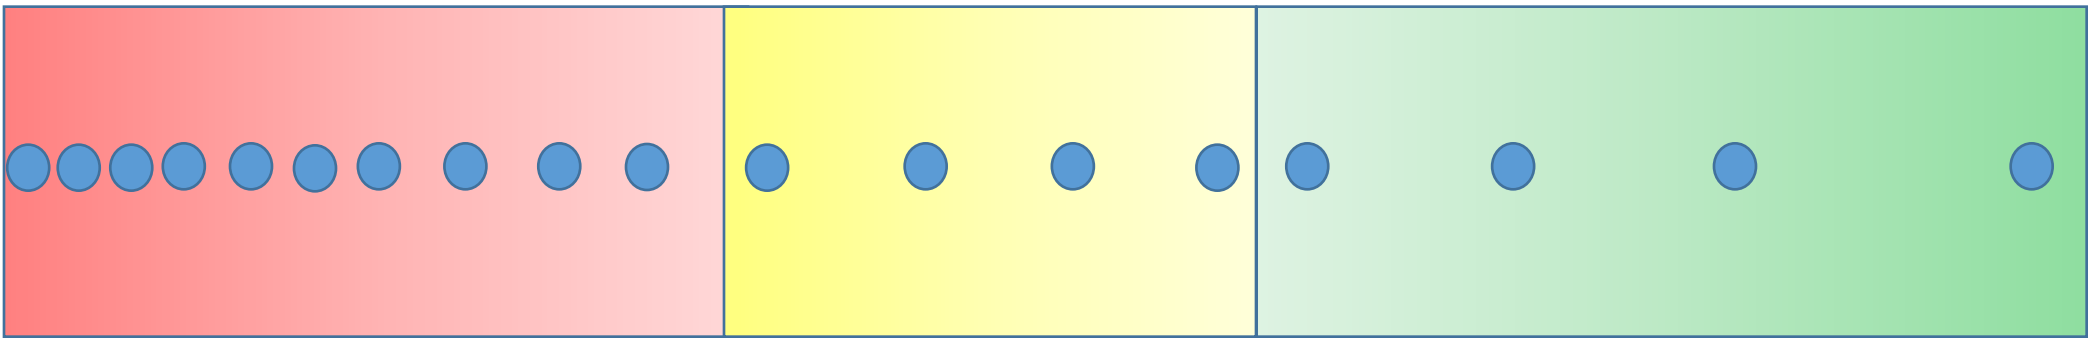

SYMPTOM FREE!

FEELING GOOD

ENJOYING CARE

OPTIMIZING HEALTH

OPTIMAL HEALTH!

Joint instability & nervous system dysfunction present

Inflammation and tissue degeneration is decreased

Range of motion is increasing & muscle spasm is decreasing

You should be improving tissue function

This is the beginning of the healing stage

Muscles & ligaments are beginning to normalize

Your body is stabilizing & undergoing re-education

Your body works at an optimum level
